Gelitrek: mobile helium leak search

Gelitrek: mobile helium leak search - LeakLab solutions for leak testing, vacuum systems and test equipment.

[Open the current source page](#)

Technical and Project Information

This technical overview covers Gelitrek: mobile helium leak search. It is retained for technical context; specifications, availability, dates, commercial terms, and compliance statements must be reconfirmed for every current project.

International project context

For a current application, specifications and availability must be checked against the exact equipment configuration, destination country, operating conditions, and required standards. Legacy announcements do not constitute a current quotation or compliance statement.

Discuss your application

Send the test object, process conditions, target sensitivity or vacuum range, acceptance criteria, quantity, and schedule. LeakLab will review the information and confirm a suitable technical route.
